**TESTIMONIAL**

**The YMCA has become our anchor at a time when our family was facing hardship**

—job loss, caring for a terminally ill parent, and the absence of nearby family as our village of support—we didn't know how we'd manage. Then, the Y slowly became our village. We began with a membership, utilizing Child Watch to help prepare our daughter (and ourselves) for what we hoped would someday be preschool. Even though we had no idea how we'd have the means for it, we knew it was essential for her growth and confidence. Discovering and being awarded the scholarship was an incredible blessing for our family. The preschool has a fantastic, enriching program and terrific teachers, which is exactly what we've always hoped for in our daughter's learning environment.

Thanks to the Dan McKinney YMCA Preschool Program, our daughter has made incredible progress in her speech and confidence. She has flourished in ways that her speech therapist and pediatrician have noticed. It's clear she feels genuinely loved and cared for at the school. We could not give the preschool enough praise, and we will be forever grateful for the scholarship and its positive impact on our daughter and family.
