TESTIMONIAL

My wife and I are 69 years old and have been coming to the Jackie Robinson Y since March of 2025. We enjoy all the different classes the YMCA offers and everyone is so nice and helpful. When I first started coming to the Y I had trouble walking one lap around the field, and used a walking stick. Now after 9 months of attending exercise classes and walking club at the Y, I can walk a mile and a half with no walking stick. The instructors have helped my wife and I tremendously and we look forward to coming to the Y five times a week. It gives us a purpose, and helps us both physically and mentally. The staff are compassionate, caring and always willing to answer any questions or concerns. Coming to the Y has been a highlight of our life.

STORY OF IMPACT

Frida's journey at the Jackie Robinson Family YMCA has made a meaningful difference in her life. Since becoming part of the Y community, she has grown more confident, social, and connected with the people around her. Her family has shared how much they've seen her blossom—she engages more with others, carries herself with more positivity, and her overall health has improved noticeably.

The supportive environment, friendly faces, and sense of belonging at the Y have all played a role in helping Frida thrive. Being part of this community has brought out her joy, strengthened her well-being, and given her a place where she truly feels at home.

Frida's story is a beautiful reminder of how powerful community can be—and how the Y can help individuals feel encouraged, included, and empowered.
